**MAX ENVIRONMENTAL TECHNOLOGIES, INC.
NAMES DR. JEFFREY K. FUNK
LABORATORY MANAGER**

PITTSBURGH, December 6, 2006 -- MAX Environmental Technologies, Inc., has named Dr. Jeffrey K. Funk as the manager for MAX Analytical XPESS. In this role, Dr. Funk will be responsible for the management of MAX's laboratories at the company's Yukon, PA and Bulger, PA hazardous and non-hazardous waste treatment, storage and disposal facilities. He will also oversee MAX's laboratory accreditation under Pennsylvania's new rules for environmental laboratories.

Dr. Funk received his Ph.D. in chemistry from Penn State University and his undergraduate degree in biochemistry from Susquehanna University. While at Penn State, Dr. Funk was a laboratory supervisor and research advisor.

MAX Environmental Technologies, Inc. specializes in the treatment, storage and disposal of hazardous and non-hazardous industrial waste at facilities in Yukon, PA, and Bulger, PA. The Pittsburgh-based company also offers transportation, waste handling services, construction & remediation services, landfill capping & closure services, and laboratory analysis. MAX was established in 1957.
