Pittsburgh, PA . MAX Environmental Technologies, Inc. is pleased to announce the hiring of John Gaydos as Manager of Environmental and Construction Services. Mr. Gaydos will be responsible for MAX's remediation and construction projects as well as supporting MAX's other business lines.

John brings over 20 years of diversified experience in the environmental industry including project management, business development, sales management and emergency response. He received a Bachelor of Science in Geology from West Virginia University. John and his family reside in Cranberry Twp, PA.

MAX Environmental Technologies, Inc. is a 50 year old company that specializes in the treatment, storage, beneficial use and disposal of hazardous and non-hazardous industrial wastes at facilities in Yukon, PA and Bulger, PA. The Pittsburgh-based company also offers transportation, waste handling services, construction & remediation services, landfill capping & closure services, and laboratory analysis.
