

Truck Wash Out Services

Since 1957 MAX Environmental has been a leader in responsive and cost-effective waste material treatment and disposal. With two conveniently located landfills accepting many different kinds of waste, our facilities are perfect for the cleaning and disposal of residual waste.

At MAX's Yukon facility we are able to handle all of your truck wash out needs. Our fully trained staff works safely and efficiently following all OSHA and ISNETWORLD site safety requirements. MAX offers a flexible schedule with weekend and afterhour appointments to better accommodate your business.

MAX TRUCK WASH OUT SERVICES INCLUDE:

- Flexible Scheduling – Weekends and Afterhours by Appointment
- No Waste Approvals
- Confined Space Entry
- Vessel to Vessel Transfer
- Transportation and Disposal of Full Range of Dry, Solid and Liquid Materials
- Frac Tank Cleaning
- Complete Documentation
- Full Regulatory Compliance
- Trained Drivers and Equipment Operators

Services Available 24/7/365

TRUCK WASH

Two truck wash professionals with confined space entry training, enter and steam clean the interior of the truck.

GET THE MAX: 8 point Certified Clean Check List

1. Internal inspection of all tank walls to ensure no solids or residue remains.
2. Internal inspection of baffles, front and back.
3. Internal inspection of tank sump.
4. Assess that hatch door seal is clean and in good condition.
5. Cleaning of the truck back deck.
6. Cleaning of the external tank sides.
7. Cleaning of hose decks.
8. Cleaning of all tires.

RINSE OUT

A Rinse out can also be provided in which a truck wash professional will rinse out the interior without entry

DISPOSAL FEE

All residual materials are solidified and disposed in the MAX landfill by trained landfill professionals, therefore minimizing the risk of the generator.
