

Proposed Landfill No. 3

Proposed Landfill No. 3 covers much of closed Impoundment 1.

Siting Plan

- Covers much of closed Impoundment 1
- 21 acre footprint
- Avoids streams and wetlands
- Includes fencing and tree buffers under Smith Township Conditional Use Authorization (2018)

Disposal Operations

- Similar types of residual waste as recently accepted at the facility
- Some wastes will require treatment before disposal through one or more of the following methods:
 - Solidification by mixing with dryer materials
 - Chemical stabilization
 - Adjustment of pH
- Phased opening of cells for disposal

Transportation

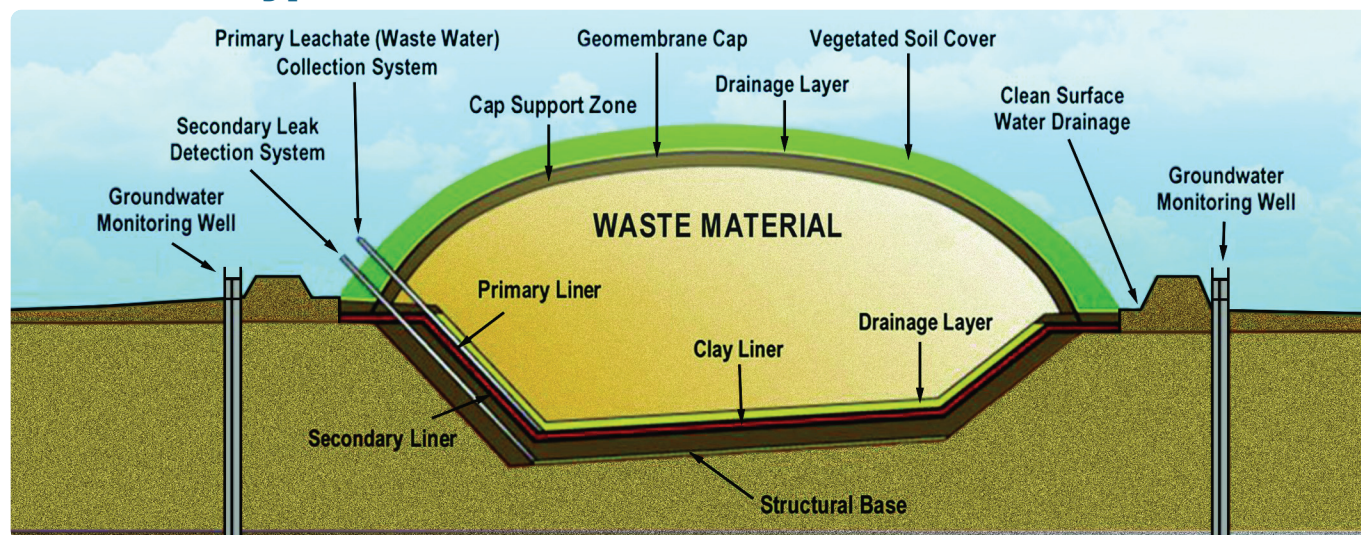

- Same access routes to facility
- Same driver training and emergency response program
- Average daily volume 600 tons (about 24 truckloads)
- Limit on number of daily truck deliveries

Estimated Economic Benefits

- Jobs, Pay and Taxes: \$4MM to \$8MM
- Local Goods and Services: \$4MM to 8MM
- Benefit Fees: \$2 MM to Smith Township; \$500,000 to Slovan VFC
- Environmental: Free coal mine spoil cleanup disposal for Smith Township

Typical Class 1 Residual Waste Landfill

Public Participation Process

Application for Landfill 3 to PA Department of Environmental Protection

Pre-Application Meeting

- Voluntary public availability sessions hosted by MAX (held in 2014, 2015, and 2017)
- Pre-application site meeting with DEP attended by Smith Township (held March 25, 2021)
- Information repositories for public review of information (since 2015)
- Comments accepted by DEP anytime
- Inquiries and mailing list requests met by MAX

Phase I Application (Environmental and Harms/Benefit Assessment)

- Phase I Application submitted to DEP (accepted by DEP for technical review in September 2022)
- Information repositories open for review
- Comments accepted by DEP anytime
- Inquiries and mailing list requests met by MAX
- Optional public hearing or meeting (determined by DEP)

Phase II Application (Technical Construction and Operation Plan)

- Information repositories open for review
- Comments accepted by DEP anytime
- Inquiries and mailing list requests met by MAX
- Optional public hearing or meeting (determined by DEP)

Permit Decision by DEP

- Optional public hearing or meeting (determined by DEP)
- Information repositories open for review
- Inquiries and mailing list requests met by MAX
- Written notice of decision (by DEP)
